Dear Sir

RE: DEMAND NOTICE CUM NOTICE OF INTENTION TO SUE.

Kindly refer to the above captioned subject wherein we represent **M/S UGANDA YOUTH SOCCER ACADEMY**, herein referred to as "**our client**" on whose instructions we address you as hereunder:

It is well within your knowledge that our client applied to be registered with Uganda Youth Football Association through which they submitted the necessary documentation as request by your association.

It is also within your knowledge that after vetting the said documentation you went ahead to formally inform our client by letter dated 4th March, 2021 that their submitted paper work/ documentation was in order and you requested them to go ahead and pay the required registration fees to the association Bank Account in order to complete the registration process.

It is also well within your knowledge that upon your directions in the said letter, our client went ahead to comply with the said directions by paying the required registration fees and was issued with a receipt by the association on the 7th day of May, 2021. Our client further went ahead to pay the necessary annual subscription fees.

However, to our client's surprise your association released a list of registered Academies and our client was not part of that list.

Please be notified that our client is internationally recognized in the football community and your actions are as a result of political persecution by the members of the association, malicious in nature, reckless and inconsistently aimed or intended at injuring the reputation of our client.

In the premises, we demand that you within seven (7) working days formally apologize to our client, publish the said apology on your media handles/ platforms and publish a new list including our client as a dully registered academy.

TAKE NOTICE that failure on your part to heed to the said demands shall constrain us to take legal action much to your detriment, colossal costs and regret.

Yours faithfully
